

St. John & Myers

One-of-a-kind jewelry from around the world

Have you ever seen a color-change sapphire, one of the rarest of sapphires that mysteriously yet unmistakably turns from blue in outdoor light to violet under incandescent indoor light? What about a no-heat Burma ruby? You might not believe the intensity of Burmese rubies if you haven't seen one.

Would you like to try on a diamond and emerald necklace that

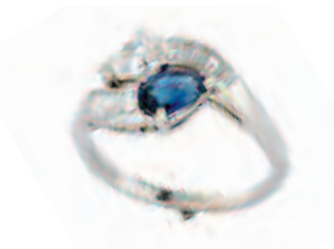

looks as though it came straight off the neck of royalty? Perhaps you are more of a history buff and would enjoy viewing a lava cameo that features the attendants of Bacchus, otherwise known as Dionysus, the Greek god of wine and intoxication.

These are some of the treasures you can see at St. John & Myers. Featuring exquisite, one-of-a-kind pieces of antique, vintage, and period jewelry in every price range, St. John & Myers is one of the pre-eminent antique jewelry retailers in the United States.

Founders Louis and Olivia Scholz personally select each piece of jewelry, bringing it to their salon from around the world. The salon

buys estate jewelry and offers restoration services. Visit them at 150 South Elkhorn Village, (4379 Harrodsburg Road) or phone them at 859-559-4242. You can also sign up for a free newsletter by going to their website at www.StJohnandMyers.com.
